

A 07
QR Codes in the Classroom:
High-Teach Ways to
Support Learning

Katherine S. McKnight, Ph.D.
Katie@KatherineMcKnight.com
www.KatherineMcKnight.com

What we will do this session

- Learn about QR Codes
- Learn how to create QR Codes
- Look at different strategies and lessons that incorporate QR codes

As we proceed, use a smart phone or iPad to scan the codes.

What is a QR Code Reader?

Scan the code to learn about QR Codes

Here's the link if you don't wish to scan:

tinyurl.com/co6m27l

What does a QR code do?

When scanned, a QR code will take the user to a website to explore.

www.katherinemcknight.com

Teaching Ideas

- Centers
- Webquests
- Dictionary and Vocabulary Activities
- Primary Source Document Searches
- Viewing Different Videos that were preselected by the teacher-

How do I make a QR Code?

Labels: art, pes/22, van Gogh, visual art

Last week was our Annual Year 7 and 8 camp. Once again our school field was transformed in to tent city for the week as 150 of us spent 2 nights experiencing the great outdoors right here in our own backyard.

During the first two days we completed a Rotation of various activities that gave us the opportunity to try new experiences and have lots of fun. The PE version of the Amazing Race was a favourite for many and involved, among other things, a team finding and assembling a hobo stove over a fire to cook an egg!

The ultimate highlight for many was undoubtedly the arrival of the Warriors at Benemara. How surprised and excited we were to get to share the pool with our heroes. We watched cheered and generally created quite a scene.

Exhausted and ready for our own beds we headed for home with some great memories and looking forward to doing it all over again next year.

WHO ARE WE?
We are a class of very talented Year 7 and 8 students at P-England School. So watch this space and see what we've been up to on our learning journey.
