Socrative
<http://www.socrative.com>

Students can complete an exit slip, a quick quiz, or multiple-choice exam. Once you set up a free account, you're given a "room number" and are good to go. Results and data can be downloaded into an Excel spreadsheet.

Formative Feedback for Learning (App)

By Paul Hamilton
 Open iTunes to buy and download apps.

Description
 Make sure you have your Location Services turned on or the App won't find your videos. I created Formative Feedback for Learning to foster and encourage communication between teachers and students. It uses icons and basic editing skills to prompt discussions through a conference setting. It does not have saving abilities or comment.
